Romantic, liberating and totally addictive, the Fifty Shades trilogy will obsess you, possess you and stay with you for ever.

When **Ana Steele** first encountered the driven, damaged entrepreneur **Christian Grey**, it sparked a sensual affair that changed both their lives irrevocably.

Ana always knew that loving her Fifty Shades would not be easy, and being together poses challenges neither of them had anticipated. Ana must learn to share Grey's opulent lifestyle without sacrificing her own integrity or independence; and Grey must overcome his compulsion to control and lay to rest the horrors that still haunt him.

Now, finally together, they have love, passion, intimacy, wealth, and a world of infinite possibilities.

But just when it seems that they really do have it all, tragedy and fate combine to make Ana's worst nightmares come true
